

"Inspired by wood."

ABOUT US

DC Design Coop is a leading company specializing in the design, production, and supply of high-quality wood products for exterior applications. Established with a vision to combine natural beauty with modern craftsmanship, we bring the warmth and elegance of wood to architectural projects worldwide.

Since 2022, we have expanded our production capabilities with a state-of-the-art facility, allowing us to increase capacity while maintaining exceptional quality standards. Our expertise spans decades, combining traditional Turkish craftsmanship with innovative technologies to deliver sustainable, durable, and aesthetically pleasing solutions.

Our mission is to transform living spaces by offering wood solutions that reflect natural charm, longevity, and environmental responsibility. Every project we undertake is guided by our core values: quality, sustainability, customer satisfaction, and design excellence.

OUR PRODUCTS AND SERVICES

- Thermally Modified Wood Decking (Pine, Ash, Iroko, Ayous, Teak, Ipe)
- Thermally Modified Wood Cladding (Pine, Ash, Iroko, Ayous, Teak)
- Kiln-Dried Iroko and Teak Decking & Cladding
- Pergola Systems, Sliding Shutters, Sunshade Solutions
